

VOL. 46 NO. 2

IRMA, ALBERTA, FRIDAY, AUGUST 22, 1958

SUBSCRIPTION: \$2.00 PER YEAR; \$2.50 U.S. AND FOREIGN

WITH THE District Agriculturist

By J. S. Duncan

Sheep Improvement Policy

It is getting to the time when sheepmen should be on the lookout for a new ram. The Department of Agriculture assistance policy provides for the purchase of ram for commercial producers of sheep. This policy allows a bonus of \$12.00 on an "A" grade ram and \$8.00 on a "B" grade ram. In addition the department pays the shipping charges to the farmer's nearest rail point. For full information and application forms contact this office.

Pasture Management

Most pastures are being heavily overgrazed this year. In order to protect this pasture, stock should be moved off it as soon as any other grazing is available. It would also be advisable to keep stock off regular pastures next spring in order to let them recover, otherwise the carrying capacity will be greatly reduced and cattle will not do as well as they should. Ryegrass seedling might still make a bit of pasture this fall and will provide pasture next spring.

Lacrosse Hogs

There is to be a further release of 100 hogs and 15 breeding groups of the Lacrosse breed this fall. Once again the release will be made on the basis of a chance draw. The breeding groups will consist of three sows and one boar. Application forms and regulations are available on request from the Experimental Farm, Lacrosse, Alberta. The deadline for applications will be September 29, 1958. Any one interested should apply for forms now as only applications submitted on official forms will be considered. A committee will examine the applications and then a public draw will be made.

Glen-Coa Gleanings

The past weeks have not been uneventful in our district. This correspondent did not return from the coast in time to get news written last week.

Bright memories are the result of various side trips taken this summer. One to the Okanagan, and Kelowna in particular, recalled happy recollections of high school days. A sight-seeing tour to Vancouver Island and a few days spent in Washington added much to the holiday. Now it's time to get back to reality with harvest days so quickly upon us. The weather pattern at the coast, and in the interior too, is similar to ours—very hot and very dry.

Mrs. N. Fluevog and Mrs. M. Reitan spent a week at Vancouver recently. They escorted young John Fluevog home after his visit here.

The Rev. and Mrs. Irvin Reitan and children of Enfield, Sask., have been visiting relatives and friends about here. We were privileged to have Irvin show a thought-provoking film at Sharon on Friday evening of last week, entitled, "Minutes Before Midnight."

Mr. and Mrs. Kenneth Reitan and children of Edmonton were down last weekend, and a family reunion took place at Hardisty Lake on Sunday.

The Rev. and Mrs. L. R. Likness and Mark spent Thursday of last week at the O. Likness farm.

Mr. John Gulbraa and his son Sigurd and family of Longbeach, California, were visitors here, too, this summer. John was a former resident of this district and Sigurd was born here. Thus it was interesting for them to return and see the changes through the years.

Sharon W.M.F. will meet at the O. Likness home on Thursday, August 22. Assistant hostesses are Mrs. R. Erickson and Mrs. H. Fuder.

As Pastor Magee is on holidays, Mr. Gordon Hagen of Viking, brought a message last Sunday morning.

Next Sunday evening, August 24th, the Glenside from Camrose Camp, will be presenting a program at Sharon at 8 p.m.

Celebrate 51 Years Of Married Life

Mr. and Mrs. Adam Miles, longtime residents of this district, reached their 51st year of married life on Thursday, August 14th. That evening they were invited to supper at the home of their old friends, Mr. and Mrs. J. Clisfield. After supper they were returning to Irma in the Clisfield car but instead of being taken to their own home they were brought to the Legion Hall where their old friends were gathering to celebrate this happy occasion together.

Mr. and Mrs. Miles were escorted to the seats of honor behind the long table which was covered with a linen cloth and centered with a three-tiered Golden Wedding Cake, flanked by tall tapers.

The Rev. H. W. Inglis was master of ceremonies and after a few well chosen remarks, he called on Mrs. Inglis, accompanied by Mrs. W. Parsons at the piano, to lead a lively sing-song. Mrs. Roy Miles then presented a corsage to the bride of 1907 and a button hole flower to Mr. Miles.

Mr. Jimmy Jackson conducted a jolly contest, followed by an instrumental duet and encore Gold and Silver Waltz and Golden Wedding, played by Mr. and Mrs. Ole Nissen.

Contests and stunts were conducted by Mrs. Tomlinson, Mrs. Coffin and Mrs. McFarland. Mrs. R. L. Simmerman sang "Through the Years" and "In the Garden of Tomorrow."

Speeches were made by Mr. J. Jackson and Mr. J. Clisfield. It was a grand night for the Irishmen. These gentlemen told of the high regard in which Mr. and Mrs. Miles and family are held and of the unstinting hospitality to be found in their home through good times and bad.

The family gift, a double-burner electric hot plate, was then presented by Mr. and Mrs. Miles' youngest daughter, Mrs. Floyd Bronson. Mr. J. Jackson, on behalf of the friends and neighbors, made the presentation of a gift of money. Mrs. Miles replied and warmly expressed thanks for the lovely evening and the gifts received. A number of ladies then served a delicious lunch.

Mr. and Mrs. Miles are older residents of the district in 1914 and to Irma in 1935. The old time spirit was felt in the gathering that night and everyone took part in a free and hearty way and made this a navy dress of nylon acetate which was set off with white accessories and a corsage of pink roses.

Out-of-town guests were Mr. and Mrs. Floyd Bronson, daughter and son-in-law from Hardisty; Mr. and Mrs. Ted Sloan and family, niece and nephew from Stony Plain; Mr. and Mrs. Earl McNall, Kinross; Mr. Henry Greenwood, Kinross; Mr. and Mrs. Wm. Lockhart and Cecil of Jarrov.

SPORNITZ - FLEMING

A very pretty wedding of interest to Irma and Edgerton was held in the Irma United Church when Miss Joan Fleming, daughter of Mr. and Mrs. Archie Fleming of Irma, became the bride of Mr. Robert Spornitz, youngest son of Mr. and Mrs. E. W. Spornitz of Edgerton.

Pink snap dragons and pink and white sweet peas accented by baby's breath were the floral background while white bows marked the guest pews.

Rev. Inglis performed the double-ring ceremony.

The bride, given in marriage by her father, chose a floor-length gown of white broadcloth. The dress was made in princess line with a sweetheart neckline. It had a full skirt with a slight train at the back. The jacket, which was of the same material, was trimmed with tiny pearl buttons down the front and had a standup collar and long lily point sleeves. The dress was made by the bride herself. A pair of pleated nylon net with iridescent sequins and pearls held her fingertip veil of real silk illusion in place. She carried a white Bible with a cascade of red roses. A pearl necklace was the bride's only jewellery, gift of the groom.

Miss Grace Larson of Irma, Mrs. Marjory Spornitz of Wainwright, and Mrs. Wm. Belton, dressed in a light coral cocktail length gown of blue, coral and yellow nylon net and lace over taffeta. Miss Lois Taylor, cousin of the bride, played the wedding music and during the ceremony, Miss Victoria Welgus, sister of the groom, sang "A Wedding Prayer" and during the signing of the register "Till We Meet Again."

The mother of the bride wore a gown of dusty rose lace over taffeta with beige accessories. A corsage of yellow carnations was pinned at her shoulder. The groom's mother wore a navy blue dress with white accessories. She wore a corsage of pink carnations.

Our Visit to Ottawa

Our vacation in our Capital City was made more enjoyable through the efforts of our M.P., Cliff Smallwood. Cliff called us on the phone and told us that he had procured three seats in the House of Commons in the visitors' gallery and invited our daughter "Betty" to join us to attend a joint session of the Commons and Senate to hear Mr. Eisenhower speak. Cliff met us at the main entrance to the Parliament Buildings and took time out to show us the beauties and grandeur of these impressive and majestic buildings. Cliff then showed us to our seats and we were privileged to hear and see Mr. Diefenbaker and Mr. Eisenhower. The whole chamber was packed, with the Senate occupying the centre of the Chamber. It was an awe inspiring spectacle, one that will stay fresh in our minds for a long time. After it was over, Cliff took us to luncheon, after which he took us to further sight seeing tour. It was now time for Cliff to go back to his work. After thanking him again, we wandered around the grounds for awhile, then left for Betty's home where we found a nice supper waiting for us. It was a pleasant day and one that will be remembered for long years to come.

—Herb and Janie Black.

Showers Plentiful During Holidays

While the Irma Times was on holiday, the weather was dry but still showers occurred in the basement of the United Church where 3 brides were so honored on 3 separate occasions.

On Monday, July 28, it was Miss Shirley Mae Brown, who was escorted to the seat of honor by Mrs. R. L. Simmermon. Members of the choir and other friends sponsored this shower with Mrs. F. Jack as mistress of ceremonies.

On the program was a singing, a piano solo by Elaine Jack, a contest conducted by Mrs. Martin Enger and a solo by Mrs. R. L. Simmermon.

Perhaps the highlight of the evening was an original song by Mrs. Hurst, sung by the hostesses and an original poem by Mrs. McLean and read by Mrs. Alma

Enger when Sharon and Maureen Gunn presented the shower gifts in the basquette which Shirley Mae had used as an infant. Maureen and Sharon had also had this basquette as had many other young folk in Irma.

When the beautiful array of shower gifts had been opened by Shirley Mae, assisted by her mother, also Mrs. Tomlinson St. Mrs. H. Tomlinson, Mrs. Bruce Willerton and Mrs. N. Kobish and Mrs. L. Golka, they were duly admired by all. The hostesses then served a lovely lunch.

The next bride-to-be so honored was Miss Patricia Enger who was born here and is also well known to us all. Pat's shower was on the evening of August 5th with Mrs. K. Coffin as mistress of ceremonies.

Pat was escorted to the seat of honor under the white and pink wedding bells by Mrs. R. O. Larson. The following program was

enjoyed: a piano duet, Marjorie and Carol Matthews; two enjoyable contests a piano solo by Isabel Inglis and a reading by Mrs. Theroux.

A song, composed by Mrs. Angquist, was sung by the hostesses. Then Trudy Coffin and Darlene Hockett pulled in a wagon which was made to represent a Woodward's delivery van. A beautiful supply of lovely gifts were brought to light by the bride-to-be, assisted by her mother, her sisters, Mrs. Tetlock and Mrs. Seguin and her aunt, Mrs. Stewart. After these had been passed around and admired, a lovely lunch brought this happy occasion to a close.

Shower number 3 was held on Saturday evening, August 16th for Mrs. Erling Nilson, the former Della Symington. Della also spent most of her life at Irma and her friends wanted to show her how glad they are that she

returned to our district.

Mrs. Gunn was mistress of ceremonies and conducted Della to the seat of honor and placed her mother, her grandmother, Mrs. Zost and Mrs. Nilson St. and Mrs. R. Erickson at the table with her.

Mrs. Ingis conducted a singing, Mrs. H. C. Nissen played two lovely piano solos. Contests were given by Mrs. Angquist and Mrs. M. Enger.

Then an original song, composed by Mrs. Angquist, was sung and Della was asked to remove the cloth from a mystery table which stood nearby. When this was done, a beautiful chest of silver, Springtime pattern in Rogers 1847 silver plate, was revealed. Other gifts on the table before the bride were unwrapped and enjoyed by all before the hostesses brought on a delicious lunch.

The Irma Times wishes to join the many friends who wish Shirley Mae, Patricia and Della, long life and happiness.

Many Bonds Are Being Converted

A local treasure hunt that began last month is now turning up substantial quantities of the most sought-after object in Canada today: the one-hundred dollar Victory Bond.

During the war, according to the Bank of Canada, people here and in other cities, towns and villages across the country bought more one-hundred dollar bonds than any other denomination. Next most popular were the fifties, it says.

For this reason, more bonds of these two classes are outstanding than of any other. And hence the job of finding them and getting them exchanged into the new bonds of the Canada Conversion Loan is receiving major attention.

Officials in Ottawa, anxious to see each bond converted, say that before the new loan was announced roughly 1,696,000 one-hundred dollar pieces and about \$57,000 fifty-dollar pieces of un-matured Victory Bonds were outstanding.

Where these millions of valuable pieces of paper are today no one really knows. But chances are that most of them are owned by perhaps as many as two million holders in communities large and small throughout the nation.

Local residents engaged in the search have been poking through old desks and rummaging in strong boxes. Some have been opening safety deposit boxes for the first time in years, on the chance of discovering a forgotten bond or two. One elderly lady in Quebec found some in the bottom of an old tin biscuit box.

Officials say that with the campaign now nearing the end of its first month, response from individual bond holders, especially in smaller communities, is growing each day. In many places, staffs of banks and investment dealers are working late into the night to keep up with the flow of applications.

People who went South for the winter really found it.

Last Chance to Hear Sutura Twins

This Sunday morning at eleven o'clock will be the last opportunity to hear the Sutura Twins in Irma. The identical brothers have been featured in a special campaign in Viking for the past week and their ministry has been enjoyed by many. True to their Italian ancestry, the twins have been pleasing those in attendance with their original and inspiring musical numbers on the piano, violin, accordion, electro-choro and in song. In addition to this, the guest speakers have been taking turns each evening in presenting simple and straightforward Gospel messages. They will follow the same pattern in the service on Sunday in the Irma Alliance Church.

Immediately following this morning meeting, the ordination of believers' baptism will be observed at Steffanson's Lake, and anyone who would like to witness this service is warmly welcomed.

At 3 o'clock in the afternoon and at 8 o'clock in the evening, the Twins will be present in the Viking Community Hall for the final services of the campaign. They will also be conducting 2 meetings on Friday and Saturday evenings at 8 o'clock (previous to the Sunday services) in the Viking hall.

60,000 new reasons every day for mechanized farming!

In these days of man-made planets we tend to overlook this old, but still miraculous, earth that feeds and provides for us all.

That over 60,000 babies are born into this world each day—more than enough to repopulate the whole of Canada in less than a year—goes unnoticed. That these 60,000 new mouths will be fed on the produce of this small earth does not make headline news!

Yet, when we consider this astonishing growth in the world's population, we must wonder how it is that our standard of living—measured in terms of food consumption—remains so high. How is it possible when there has been little appreciable increase in the world farm acreage and a decline in the ac-

tual farming population?

The answer lies in farm mechanization, in the scientific approach to food cultivation and the development of modern machine methods to increase output per acre and per man-hour worked.

In this development Massey-Ferguson plays a leading role throughout the world—in Canada, in the United States, in France, South Africa, Germany and Australia.

All the world over, wherever farming is mechanized to meet our ever-growing needs, there we find Massey-Ferguson machines hard at work in the fields.
